

# Bhavya Joshi

## Computer Enthusiast

Self-Motivated and Encouraged programmer who loves sitting next to a computer for eternity. My journey to this fascinating world started in 7th grade when I became interested in computers and websites. I can learn fast. But still if needed I would take time to understand rather than remember. I am a good team player with interest in latest technologies.

## PERSONAL PROJECTS

### MyResume (12/2021 - 01/2022)

- MyResume was a personal portfolio website created using MEAN Stack and deployed using **CI Pipeline to GitHub on Heroku**. ([Website-Link](#))
- This personal project is slowly converted into Project that any user can use by creating their account and having their own resume site.

### Chat Room using Core Java (09/2022 - 2023)

- Chat Room with functionalities of creating user and deleting users, chatting with specific user and also creating group chats. ([Code-Link](#)).
- Created a server with **multi-threaded client handling** concept, MySQL database for storing user data and used Sockets for networking.

### Library Management System using JavaScript (04/2020 - 05/2020)

- When I first learned JavaScript I created this LMS system which I am most proud of because this was my first real project and I created a **single-page application just by using vanilla JavaScript**, HTML, and CSS.
- I used local storage to store data. ([Code Link](#))

## WORK EXPERIENCE

### Software Developer Intern

Pcube Software Solutions

06/2021 - 01/2022

Pcube Software Solution is an 11+ years old IT company that has served 4500+ clients and 150+ Government clients.

#### Achievements/Tasks

- I worked with a team to develop a **Multi-Vendor E-commerce web application** and completed the web application in under **5 months with payment and shipment integrations**.
- The stack used to create the web application was **ASP.NET, MS SQL Server, C#, HTML5, CSS3, JavaScript, JQuery, AngularJS**.
- Completed my training with completely new technology in under 1 month to get started with a live project.
- Completed **2 live projects** in my internship period.

## SKILLS

C/C++

Java

C#

Javascript
